The Role of Charlotte Hungerford Hospital Corporators

Representing Charlotte Hungerford Hospital as one of our distinguished Corporators provides the opportunity to be an ambassador for both the hospital and the future of healthcare in the Northwest Region and beyond. Corporators are in a unique position to inform Hartford HealthCare and Charlotte Hungerford Hospital leadership of the questions, concerns, and compliments of those we serve—which will allow us to continuously improve the health and healing of our communities.

Additionally, our Corporators provide philanthropic leadership through their charitable support of Charlotte Hungerford Hospital. This generosity not only supports critical programs and services but also symbolizes a compelling endorsement for your personal and business networks, as well as the broader community.

A Corporator's Commitment Includes:

- Attending the Charlotte Hungerford Hospital Corporators Annual Meeting, which will help you remain an engaged and well-informed ambassador.
- Investing in the hospital by contributing to the Corporators Annual Campaign.
- Volunteering on a Charlotte Hungerford Hospital task force or committee—or within another capacity that encourages others to volunteer.
- Remaining informed on hospital activities, as well as pertinent public health issues, by participating in Charlotte Hungerford Hospital educational events, reading hospital communications and healthcare news, and advocating for the hospital within the community.

How to Become a Corporator:

- Corporators are first nominated by the Chair of the Hartford HealthCare Northwest Region Board of Directors and then elected at the Charlotte Hungerford Hospital Corporators Annual Meeting.
- Once elected, Corporators will serve a five-year term, which may be renewed.
- As of 2026, there are 84 Corporators representing Charlotte Hungerford Hospital.

How to Get Started:

If you are interested in becoming a Charlotte Hungerford Hospital Corporator, please contact our Corporator Liaison:

Paul J. Scalise, MD
President, Northwest Region
